# *The* Public Opinion Quarterly

EDITORIALLY SPONSORED AND PUBLISHED

BY PRINCETON UNIVERSITY

ORGAN OF THE AMERICAN ASSOCIATION

FOR PUBLIC OPINION RESEARCH

BETTY B. BREDEMEIER, *Managing Editor*

THE QUARTERLY is supported solely by Princeton University, Princeton, New Jersey, and income from subscribers and advertisers. General editorial policy is the responsibility of a committee comprised of several members of the Princeton faculty under the chairmanship of Wilbert E. Moore. Louis Harris represents the American Association for Public Opinion Research on this committee. Statements of fact and opinion are made on the responsibility of the authors alone, and do not imply an opinion on the part of the magazine, which is hospitable to all points of view, provided only that the material presented helps the reader to gain insight into the problems of public opinion. The American Association for Public Opinion Research assumes responsibility only for material which is signed by an officer of the Association in his official capacity. The advisory board listed below is generous in its assistance and advice on particular problems, but is not responsible for policy or the content of issues.
